The 3rd בית המקדש will come down from heaven, however the gates will be built by the Yidden. Through putting our "walls" back up, by strengthening our personal borders of צניעות, we can surely bring down the בית המקדש!

The **מנורה** has 7 branches,
but they were all made of
one piece of gold. There are
many types of Jews, but we
are all one. My **צניעות** affects
the safety of the Yidden in
ארץ ישראל.

The חלות on the שולחן were warm and fresh the whole week! When I go beyond my nature, and follow the צניעות that Hashem wants, Hashem will perform miracles for me!

Using גשמיות
(physical
matters) to
serve Hashem
is like bringing
a קרבן. I will use
my clothes to
do the Mitzvah
of צניעות.

The reason a
כבש - ramp was
used to go up the
מזבח החיצון - not
steps: The kohen's
body shape is less
exposed when
walking up a ramp
- it's more modest
and respectful.

In the ארון were the לוחות
and the ספר תורה. A ספר תורה
is so holy and therefore
covered! We need to be
dressed צניעות'דיק, because
we are so holy and precious
to Hashem.

The כהנים washed their hands and feet from the כיור, before serving Hashem in the בית המקדש. We wash our hands before we Daven to Hashem.

The מזבח הקטרת was in
the היכל. הקטרת means
connection.

I show that I am really one
with my Father in Heaven
by dressing as befitting His
daughter.

The קרבנות didn't have any blemish. Lesson: I will keep הלכות צניעות 100 percent = my best appearance, as befitting Hashem's princess.

I am like a כהן serving
Hashem everyday. I wear
holy, beautiful, צניעות'דיקע
clothing.

Hashem has a great love for children, as seen from the כרובים on the ארון. They were made specifically in the form of children, a boy and girl.

The היכל had 3 sections:

1. אולם. 2. קדש. 3. קדש הקדשים.

Make yourself into a mini בית המקדש, by using your thought, speech and action for Hashem.
